Description/Analysis

Issue Detail: On September 14, 2021, Councilmember Valenzuela requested that the Council consider a resolution stating the City's support of Assembly Bill 1400 (AB 1400) and House Resolution 1976 (H.R. 1976).

AB 1400, the California Guaranteed Health Care for All Act, would create the California Guaranteed Health Care for All program, or CalCare, to provide comprehensive universal single-payer health-care coverage and a health-care cost-control system for the benefit of all residents of the state. The bill, among other things, would provide that CalCare cover a wide range of medical benefits and other services and would incorporate the health-care benefits and standards of other existing federal and state provisions, including the federal Children's Health Insurance Program, Medi-Cal, ancillary healthcare or social services covered by regional centers for persons with developmental disabilities, Knox-Keene, and the federal Medicare program. AB 1400 was introduced on February 19, 2021 and is awaiting further action.

H.R. 1976, the Medicare for All Act of 2021, would establish a national health-insurance program that is administered by the Department of Health and Human Services (HHS). Among other requirements, the program must (1) cover all U.S. residents, (2) provide for automatic enrollment of individuals upon birth or residency in the United States, and (3) cover items and services that are medically necessary or appropriate to maintain health or to diagnose, treat, or rehabilitate a health condition, including hospital services, prescription drugs, mental-health and substance-abuse treatment, dental and vision services, and long-term care. The bill prohibits cost-sharing (e.g., deductibles, coinsurance, and copayments) and other charges for covered services. Additionally, private health insurers and employers may only offer coverage that is supplemental to, and not duplicative of, benefits provided under the program. H.R. 1976 was introduced into Congress on March 17, 2021 and is awaiting further action.

Policy Considerations: Staff was directed to bring to Council a resolution in support of AB 1400 and H.R. 1976 at the September 21, 2021, meeting.

Economic Impacts: Not applicable.

Environmental Considerations: This activity is not subject to CEQA because it does not involve the exercise of discretionary powers by the city, it will not result in a direct or foreseeable indirect physical change in the environment, and it is not a "project" as defined in Section 15378. (CEQA Guidelines § 15060.)

Sustainability: Not applicable.

Commission/Committee Action: Passed at Law and Legislation Committee on November 16, 2021.

Rationale for Recommendation: Staff was directed to bring to Council a resolution in support of AB 1400 and H.R. 1976 at the September 21, 2021, meeting.

Financial Considerations: None.

Local Business Enterprise (LBE): Not applicable.

RESOLUTION NO.

Adopted by the Sacramento City Council

SUPPORTING CALCARE (AB 1400) AND MEDICARE FOR ALL (H.R. 1976)

BACKGROUND

- A. Every person in the City of Sacramento and everywhere deserves high-quality health care as an essential human right.
- B. Despite gains made since the implementation of the Affordable Care Act, the number of U.S. residents without health insurance before the Covid-19 pandemic was still nearly 30 million, with more than 40 million underinsured, and the number of Californians without health insurance was 2.7 million, with 12 million underinsured.
- C. The Covid-19 pandemic has led to record levels of unemployment, the loss of employer-sponsored health insurance, a severely strained health-care system, and widespread illness; it has taken a profound toll on our community's mental health, placing significant demands on our health-care system.
- D. The pandemic further exposed the dangers of our fragmented, profit-driven health-care system, that leads many Californians to delay seeking needed health care due to an inability to pay, leading to a sicker and poorer population in the long run.
- E. Such a population is significantly more likely to develop serious illness if exposed to diseases like Covid-19 and will subsequently face higher mortality rates.
- F. The ever-increasing costs of health care, further elevated due to the pandemic, challenge our already-strapped state and municipal budgets.
- G. In order to equitably and effectively address the health-care burden of the Covid-19 crisis, we must urge the U.S. Congress and the California Legislature to provide comprehensive health care for every resident of the United States and California, respectively, at no cost to recipients.
- H. The Medicare for All Act of 2021 (H.R. 1976) and the California Guaranteed Health Care for All (CalCare) Act (AB 1400) would guarantee health care that is free at the point of service for every person in the United States and California, respectively, for all necessary medical care including prescription drugs; hospital, surgical, and

outpatient services; primary and preventive care; emergency services; reproductive care; dental and vision care; mental-health care; and long-term care.

- I. The Medicare for All Act of 2021 and the California Guaranteed Health Care for All Act would provide coverage without copays, deductibles, or other out-of-pocket costs, and would slash bureaucracy, protect the doctor-patient relationship, and assure patients a free choice of doctors.
- J. The California Guaranteed Health Care for All Act would establish statewide, comprehensive, universal, single-payer health care with a cost-control system for the benefit of all residents of the state.
- K. The Medicare for All Act of 2021 and the California Guaranteed Health Care for All Act would both guarantee that all residents of Sacramento will be fully covered for health care without copays, deductibles, or other out-of-pocket costs, and would save millions in taxpayer dollars now spent on premiums that provide often inadequate health-insurance coverage for government employees, as well as premiums for private insurance spent by employers and individuals.
- L. The quality of life for the residents of Sacramento would vastly improve because they would be able to get the ongoing care that they need instead of waiting until they have a medical emergency that could upend their lives as well as further burden local resources.
- M. Recent polls show that a majority of U.S. and California residents support universal, single-payer health care.
- N. The federal administration has the ability to empower states, as laboratories of democracy, to use Affordable Care Act innovation waivers to develop locally tailored approaches to health coverage, including by removing barriers to states that seek to experiment with statewide universal health-care approaches.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. The Sacramento City Council finds and determines that the background statements A through N are true.
- Section 2. The Sacramento City Council enthusiastically supports the Medicare for All Act of 2021 (H.R. 1976) and calls upon our federal legislators to work toward its immediate enactment, assuring health care for all residents of the United States.

Section 3. The Sacramento City Council enthusiastically supports the California Guaranteed Health Care for All Act (AB 1400) and calls upon our state legislators to work toward its immediate enactment.

An act to add Title 23 (commencing with Section 100600) to the Government Code, relating to health care coverage, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 1400, as introduced, Kalra. Guaranteed Health Care for All.

Existing federal law, the federal Patient Protection and Affordable Care Act (PPACA), requires each state to establish an American Health Benefit Exchange to facilitate the purchase of qualified health benefit plans by qualified individuals and qualified small employers. PPACA defines a “qualified health plan” as a plan that, among other requirements, provides an essential health benefits package. Existing state law creates the California Health Benefit Exchange, also known as Covered California, to facilitate the enrollment of qualified individuals and qualified small employers in qualified health plans as required under PPACA.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Existing law provides for the regulation of health insurers by the Department of Insurance.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions.

This bill, the California Guaranteed Health Care for All Act, would create the California Guaranteed Health Care for All program, or CalCare, to provide comprehensive universal single-payer health care coverage and a health care cost control system for the benefit of all residents of the state. The bill, among other things, would provide that CalCare cover a wide range of medical benefits and other services and would incorporate the health care benefits and standards of other existing federal and state provisions, including the federal Children's Health Insurance Program, Medi-Cal, ancillary health care or social services covered by regional centers for persons with developmental disabilities, Knox-Keene, and the federal Medicare program. The bill would require the board to seek all necessary waivers, approvals, and agreements to allow various existing federal health care payments to be paid to CalCare, which would then assume responsibility for all benefits and services previously paid for with those funds.

This bill would create the CalCare Board to govern CalCare, made up of 9 voting members with demonstrated and acknowledged expertise in health care, and appointed as provided, plus the Secretary of California Health and Human Services or their designee as a nonvoting, ex officio member. The bill would provide the board with all the powers and duties necessary to establish CalCare, including determining when individuals may start enrolling into CalCare, employing necessary staff, negotiating pricing for covered pharmaceuticals and medical supplies, establishing a prescription drug formulary, and negotiating and entering into necessary contracts. The bill would require the board to convene a CalCare Public Advisory Committee with specified members to advise the board on all matters of policy for CalCare. The bill would establish an 11-member Advisory Commission on Long-Term Services and Supports to advise the board on matters of policy related to long-term services and supports.

This bill would provide for the participation of health care providers in CalCare, including the requirements of a participation agreement between a health care provider and the board, provide for payment for health care items and services, and specify program participation standards. The bill would prohibit a participating provider from

discriminating against a person by, among other things, reducing or denying a person's benefits under CalCare because of a specified characteristic, status, or condition of the person.

This bill would prohibit a participating provider from billing or entering into a private contract with an individual eligible for CalCare benefits regarding a covered benefit, but would authorize contracting for a health care item or service that is not a covered benefit if specified criteria are met. The bill would authorize health care providers to collectively negotiate fee-for-service rates of payment for health care items and services using a 3rd-party representative, as provided. The bill would require the board to annually determine an institutional provider's global budget, to be used to cover operating expenses related to covered health care items and services for that fiscal year, and would authorize payments under the global budget.

This bill would state the intent of the Legislature to enact legislation that would develop a revenue plan, taking into consideration anticipated federal revenue available for CalCare. The bill would create the CalCare Trust Fund in the State Treasury, as a continuously appropriated fund, consisting of any federal and state moneys received for the purposes of the act. Because the bill would create a continuously appropriated fund, it would make an appropriation.

This bill would prohibit specified provisions of this act from becoming operative until the Secretary of California Health and Human Services gives written notice to the Secretary of the Senate and the Chief Clerk of the Assembly that the CalCare Trust Fund has the revenues to fund the costs of implementing the act. The California Health and Human Services Agency would be required to publish a copy of the notice on its internet website.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. (a) The Legislature finds and declares all of the
2 following:

3 (1) Although the federal Patient Protection and Affordable Care
4 Act (PPACA) brought many improvements in health care and
5 health care coverage, PPACA still leaves many Californians
6 without coverage or with inadequate coverage.

7 (2) Californians, as individuals, employers, and taxpayers, have
8 experienced a rise in the cost of health care and health care
9 coverage in recent years, including rising premiums, deductibles,
10 and copayments, as well as restricted provider networks and high
11 out-of-network charges.

12 (3) Businesses have also experienced increases in the costs of
13 health care benefits for their employees, and many employers are
14 shifting a larger share of the cost of coverage to their employees
15 or dropping coverage entirely.

16 (4) Individuals often find that they are deprived of affordable
17 care and choice because of decisions by health benefit plans guided
18 by the plan's economic needs rather than patients' health care
19 needs.

20 (5) To address the fiscal crisis facing the health care system and
21 the state, and to ensure Californians get the health care they need,
22 comprehensive health care coverage needs to be provided.

23 (6) Billions of dollars that could be spent on providing equal
24 access to health care are wasted on administrative costs necessary
25 in a multipayer health care system. Resources and costs spent on
26 administration would be dramatically reduced in a single-payer
27 system, allowing health care professionals and hospitals to focus
28 on patient care instead.

29 (7) It is the intent of the Legislature to establish a comprehensive
30 universal single-payer health care coverage program and a health
31 care cost control system for the benefit of all residents of the state.

32 (b) (1) It is further the intent of the Legislature to establish the
33 California Guaranteed Health Care for All program to provide
34 universal health coverage for every Californian, funded by
35 broad-based revenue.

36 (2) It is the intent of the Legislature to work to obtain waivers
37 and other approvals relating to Medi-Cal, the federal Children's
38 Health Insurance Program, Medicare, PPACA, and any other

1 federal programs pertaining to the provision of health care so that
2 any federal funds and other subsidies that would otherwise be paid
3 to the State of California, Californians, and health care providers
4 would be paid by the federal government to the State of California
5 and deposited in the CalCare Trust Fund.

6 (3) Under those waivers and approvals, those funds would be
7 used for health care coverage that provides health care benefits
8 equal to or exceeded by those programs as well as other program
9 modifications, including elimination of cost sharing and insurance
10 premiums.

11 (4) Those programs would be replaced and merged into CalCare,
12 which will operate as a true single-payer program.

13 (5) If any necessary waivers or approvals are not obtained, it is
14 the intent of the Legislature that the state use state plan
15 amendments and seek waivers and approvals to maximize, and
16 make as seamless as possible, the use of funding from federally
17 matched public health programs and other federal health programs
18 in CalCare.

19 (6) Even if other programs, including Medi-Cal or Medicare,
20 may contribute to paying for care, it is the goal of this act that the
21 coverage be delivered by CalCare, and, as much as possible, that
22 the multiple sources of funding be pooled with other CalCare
23 program funds.

24 (c) This act does not create an employment benefit, nor does
25 the act require, prohibit, or limit providing a health care
26 employment benefit.

27 (d) (1) It is not the intent of the Legislature to change or impact
28 in any way the role or authority of a licensing board or state agency
29 that regulates the standards for or provision of health care and the
30 standards for health care providers as established under current
31 law, including the Business and Professions Code, the Health and
32 Safety Code, the Insurance Code, and the Welfare and Institutions
33 Code.

34 (2) This act would in no way authorize the CalCare Board, the
35 California Guaranteed Health Care for All program, or the
36 Secretary of California Health and Human Services to establish
37 or revise licensure standards for health care professionals or
38 providers.

39 (e) It is the intent of the Legislature that neither health
40 information technology nor clinical practice guidelines limit the

1 effective exercise of the professional judgment of physicians,
2 registered nurses, and other licensed health care professionals.
3 Physicians, registered nurses, and other licensed health care
4 professionals shall be free to override health information
5 technology and clinical practice guidelines if, in their professional
6 judgment and in accordance with their scope of practice and
7 licensure, it is in the best interest of the patient and consistent with
8 the patient's wishes.

9 (f) (1) It is the intent of the Legislature to prohibit CalCare, a
10 state agency, a local agency, or a public employee acting under
11 color of law from providing or disclosing to anyone, including the
12 federal government, any personally identifiable information
13 obtained, including a person's religious beliefs, practices, or
14 affiliation, national origin, ethnicity, or immigration status, for law
15 enforcement or immigration purposes.

16 (2) This act would also prohibit law enforcement agencies from
17 using CalCare's funds, facilities, property, equipment, or personnel
18 to investigate, enforce, or assist in the investigation or enforcement
19 of a criminal, civil, or administrative violation or warrant for a
20 violation of any requirement that individuals register with the
21 federal government or any federal agency based on religion,
22 national origin, ethnicity, immigration status, or other protected
23 category as recognized in the Unruh Civil Rights Act (Part 2
24 commencing with Section 51) of Division 1 of the Civil Code).

25 (g) It is the further intent of the Legislature to address the high
26 cost of prescription drugs and ensure they are affordable for
27 patients.

28 SEC. 2. Title 23 (commencing with Section 100600) is added
29 to the Government Code, to read:

20 CalCare from a participating provider, substantially based on a
21 finding that the provision of a particular service is included or
22 excluded as a covered item or service under CalCare. A “coverage
23 decision” does not encompass a decision regarding a disputed
24 health care item or service.

25 (2) “Disputed health care item or service” means a health care
26 item or service eligible for coverage and payment under CalCare
27 that has been denied, modified, or delayed by a decision of a

30 health care items and services furnished under CalCare from a
31 participating provider, in whole or in part, due to a finding that the
32 service is not medically necessary or appropriate. A decision
33 regarding a disputed health care item or service relates to the
34 practice of medicine, including early discharge from an institutional
35 provider, and is not a coverage decision.

CHAPTER 5. DELIVERY OF CARE

Article 1. Health Care Providers

100630. (a) (1) A health care provider or entity is qualified to participate as a provider in CalCare if the health care provider furnishes health care items and services while the provider, or, if the provider is an entity, the individual health care professional of the entity furnishing the health care items and services, is physically present within the State of California, and if the provider meets all of the following:

26 as applicable to each provider:

27 (1) Health care items and services to members shall be furnished

30 or class of health care items or services that are outside the scope
31 of the provider's normal practice.

32 (2) A charge shall not be made to a member for a covered health
33 care item or service, other than for payment authorized by this
34 title. Except as described in Section 100634, a contract shall not

14 health care items and services.

15 (6) If the provider is paid on a fee-for-service basis for covered
16 health care items and services, the provider shall submit bills and
17 required supporting documentation relating to the provision of
18 covered health care items or services within 30 days after the date
19 of providing those items or services.

20 (7) The provider shall submit information and any other required
21 supporting documentation reasonably required by the board on a
22 quarterly basis that relates to the provision of covered health care

9 judgment in determining a diagnosis or treatment process, including
10 the use of leading queries or prohibitions on using certain codes.

11 (iii) Provide financial incentives or disincentives to physicians,
12 registered nurses, or other health care professionals for particular
13 coding query results or code selections.

14 (iv) Use case mix indexes, diagnosis coding software, procedure
15 coding software, or other coding system that make suggestions for
16 higher severity diagnoses or higher cost procedure coding.

17 (9) The provider shall comply with the duty of patient advocacy
18 and reporting requirements described in Section 100651.

19 (10) If the provider is not an individual, the provider shall ensure
20 that a board member, executive, or administrator of the provider
21 shall not receive compensation from, own stock or have other
22 financial investments in, or receive services as a board member of
23 an entity that contracts with or provides health care items or

29 the following:

30 (1) Notifying the board, executive director, or employee's
31 employer of an alleged violation of this title, including
32 communications related to carrying out the employee's job duties.

33 (2) Refusing to engage in a practice made unlawful by this title,
34 if the employee has identified the alleged illegality to the employer.

35 (3) Providing, causing to be provided, or being about to provide

11 (2) An institutional or individual provider with a participation
12 agreement in effect may bill or enter into a private contract with
13 an individual eligible for benefits through CalCare for a health

17 in paragraphs (3) and (4).

18 (B) The health care item or service is not payable or available
19 through CalCare.

12 to the individual receiving the health care item or service that by
13 signing the contract, the individual agrees to all of the following:

14 (i) The individual understands that the individual has the right

16 for which payment would be made under CalCare.

26 item or service.

27 (v) The individual understands that the provider is providing
28 services outside the scope of CalCare.

29 (3) A provider that enters into a contract described in paragraph
30 (1) shall have in effect, during the period a health care item or
31 service is to be provided pursuant to the contract, an affidavit,
32 which shall be filed with the board no later than 10 days after the
33 first contract to which the affidavit applies is entered into. The
34 affidavit shall identify the provider who is to furnish the health
35 care item or service, state that the provider will not submit a claim
36 to CalCare for a health care item or service provided to a member
37 during a two-year period beginning on the date the affidavit was
38 signed, and be signed by the provider.

39 (4) If a provider who signed an affidavit described in paragraph
40 (3) knowingly and willfully submits a claim to CalCare for a health

1 care item or service or receives reimbursement or an amount for

15 be remitted to the payer, and damages shall be available to the
16 payer pursuant to Section 3294 of the Civil Code.

17 (5) An institutional or individual provider without a participation
18 agreement in effect may bill or enter into a private contract with
19 an individual for a health care item or service that is not a benefit
20 under CalCare.

21 Article 2. Payment for Health Care Items and Services

22 100640. (a) The board shall adopt regulations regarding
23 contracting for, and establishing payment methodologies for,
24 covered health care items and services provided to members under
25 CalCare by participating providers. All payment rates under
26 CalCare shall be reasonable and reasonably related to all of the
27 following:
28

29 (1) The cost of efficiently providing the health care items and
30 services.
31

32 (2) Ensuring availability and accessibility of CalCare health
33 care services, including compliance with state requirements
34 regarding network adequacy, timely access, and language access.

35 (3) Maintaining an optimal workforce and the health care
36 facilities necessary to deliver quality, equitable health care.

37 (b) (1) Payment for health care items and services shall be
38 considered payment in full.

39 (2) A participating provider shall not charge a rate in excess of
40 the payment established through CalCare for a health care item or

1 service furnished under CalCare and shall not solicit or accept
2 payment from any member or third party for a health care item or
3 service furnished under CalCare, except as provided under a federal
4 program.

5 (3) This section does not preclude CalCare from acting as a
6 primary or secondary payer in conjunction with another third-party
7 payer when permitted by a federal program.

8 (c) Not later than the beginning of each fiscal quarter during
9 which an institutional provider of care, including a hospital, skilled
10 nursing facility, and chronic dialysis clinic, is to furnish health
11 care items and services under CalCare, the board shall pay to each
12 institutional provider a lump sum to cover all operating expenses
13 under a global budget as set forth in Section 100641. An
14 institutional provider receiving a global budget payment shall
15 accept that payment as payment in full for all operating expenses
16 for health care items and services furnished under CalCare, whether
17 inpatient or outpatient, by the institutional provider.

18 (d) (1) A group practice, county organized health system, or
19 local initiative may elect to be paid for health care items and
20 services furnished under CalCare either on a fee-for-service basis
21 under Section 100644 or on a salaried basis.

22 (2) A group practice, county organized health system, or local
23 initiative that elects to be paid on a salaried basis shall negotiate
24 salaried payment rates with the board annually, and the board shall
25 pay the group practice, county organized health system, or local
26 initiative at the beginning of each month.

27 (e) Health care items and services provided to members under
28 CalCare by individual providers or any other providers not paid
29 under subdivision (c) or (d) shall be paid for on a fee-for-service
30 basis under Section 100644.

31 (f) Capital-related expenses for specifically identified capital
32 expenditures incurred by participating providers shall meet the
33 requirements under Section 100645.

34 (g) Payment methodologies and payment rates shall include a
35 distinct component of reimbursement for direct and indirect costs
36 incurred by the institutional provider for graduate medical
37 education, as applicable.

38 (h) The board shall adopt, by regulation, payment methodologies
39 and procedures for paying for out-of-state health care services.

1 (i) (1) This article does not regulate, interfere with, diminish,
2 or abrogate a collective bargaining agreement, established
3 employee rights, or the right, obligation, or authority of a collective
4 bargaining representative under state or local law.

5 (2) This article does not compel, regulate, interfere with, or
6 duplicate the provisions of an established training program that is
7 operated under the terms of a collective bargaining agreement or
8 unilaterally by an employer or bona fide labor union.

9 (j) The board shall determine the appropriate use and allocation
10 of the special projects budget for the construction, renovation, or
11 staffing of health care facilities in rural, underserved, or health
12 professional or medical shortage areas, and to address health
13 disparities, including those based on race, ethnicity, national origin,
14 primary language use, age, disability, sex, including gender identity
15 and sexual orientation, geography, and socioeconomic status.

16 100641. (a) An institutional provider's global budget shall be
17 determined before the start of a fiscal year through negotiations
18 between the provider and the board. The global budget shall be
19 negotiated annually based on the payment factors described in
20 subdivision (d).

21 (b) An institutional provider's global budget shall be used only
22 to cover operating expenses associated with direct care for patients
23 for health care items and services covered under CalCare. An
24 institutional provider's global budget shall not be used for capital
25 expenditures, and capital expenditures shall not be included in the
26 global budget.

27 (c) The board, on a quarterly basis, shall review whether
28 requirements of the institutional provider's participation agreement
29 and negotiated global budget have been performed and shall
30 determine whether adjustment to the institutional provider's
31 payment is warranted.

32 (d) A payment negotiated pursuant to subdivision (a) shall take
33 into account, with respect to each provider, all of the following:

34 (1) The historical volume of services provided for each health
35 care item and service in the previous three-year period.

36 (2) The actual expenditures of a provider in the provider's most
37 recent Medicare cost report for each health care item and service,
38 or other cost report that may otherwise be adopted by the board,
39 compared to the following:

1 (A) The expenditures of other comparable institutional providers
2 in the state.

3 (B) The normative payment rates established under the
4 comparative payment rate systems pursuant to Section 100643,
5 including permissible adjustments to the rates for the health care
6 items and services.

7 (C) Projected changes in the volume and type of health care
8 items and services to be furnished.

9 (D) Employee wages.

10 (E) The provider's maximum capacity to provide the health care
11 items and services.

12 (F) Education and prevention programs.

13 (G) Permissible adjustments to the provider's operating budget
14 from the previous fiscal year due to factors including an increase
15 in primary or specialty care access, efforts to decrease health care
16 disparities in rural or medically underserved areas, a response to
17 emergent conditions, and proposed changes to patient care
18 programs at the institutional level.

19 (H) Any other factor determined appropriate by the board.

20 (3) In a rural or medically underserved area, the need to mitigate
21 the impact of the availability and accessibility of health care
22 services through increased global budget payment.

23 (e) A payment negotiated pursuant to subdivision (a) or payment
24 methodology shall not do any of the following:

25 (1) Take into account capital expenditures of the provider or
26 any other expenditure not directly associated with furnishing health
27 care items and services under CalCare.

28 (2) Be used by a provider for capital expenditures or other
29 expenditures associated with capital projects.

30 (3) Exceed the provider's capacity to furnish health care items
31 and services covered under CalCare.

32 (4) Be used to pay or otherwise compensate a board member,
33 executive, or administrator of the institutional provider who has
34 an interest or relationship prohibited under paragraph (10) of
35 subdivision (b) of Section 100631 or paragraph (3) of subdivision
36 (c) of Section 100651.

37 (f) The board may negotiate changes to an institutional
38 provider's global budget based on factors not prohibited under
39 subdivision (e) or any other provision of this title.

(g) Subject to subdivision (i) of Section 100640, compensation costs for an employee, contractor employee, or subcontractor employee of an institutional provider receiving a global budget shall meet the compensation cap established in Section 4304(a)(16) of Title 41 of the United States Code and its implementing regulations, except that the board may establish one or more narrowly targeted exceptions for scientists, engineers, or other specialists upon a determination that those exceptions are needed to ensure CalCare continued access to needed skills and capabilities.

(h) A payment to an institutional provider pursuant to this section shall not allow a participating provider to retain revenue generated from outsourcing health care items and services covered under CalCare, unless that revenue was considered part of the global budget negotiation process. This subdivision shall apply to revenue from outsourcing health care items and services that were previously furnished by employees of the participating provider who were subject to a collective bargaining agreement.

(i) For the purposes of this section, “operating expenses” of a provider include the following:

(1) The costs associated with covered health care items and services under CalCare, including the following:

(A) Compensation for health care professionals, ancillary staff, and services employed or otherwise paid by an institutional provider.

(B) Pharmaceutical products administered by health care professionals at the institutional provider’s facility or facilities.

(C) Purchasing supplies.

(D) Maintenance of medical devices and health care technologies, including diagnostic testing equipment, except that health information technology and artificial intelligence shall be considered capital expenditures, unless otherwise determined by the board.

(E) Incidental services necessary for safe patient care.

(F) Patient care, education, and preventive health programs, and necessary staff to implement those programs.

(G) Occupational health and safety programs and public health programs, and necessary staff to implement those programs for the continued education and health and safety of clinicians and other individuals employed by the institutional provider.

1 (H) Infectious disease response preparedness, including the
2 maintenance of a one-year or 365-day stockpile of personal
3 protective equipment, occupational testing and surveillance, and
4 contact tracing.

5 (2) Administrative costs of the institutional provider.

6 100642. (a) The board shall consider an appeal of payments
7 and the global budget, filed by an institutional provider that is
8 subject to the payments or global budget, based on the following:

9 (1) The overall financial condition of the institutional provider,
10 including bankruptcy or financial solvency.

11 (2) Excessive risks to the ongoing operation of the institutional
12 provider.

13 (3) Justifiable differences in costs among providers, including
14 providing a service not available from other providers in the region,
15 or the need for health care services in rural areas with a shortage
16 of health professionals or medically underserved areas and
17 populations.

18 (4) Factors that led to increased costs for the institutional
19 provider that can reasonably be considered to be unanticipated and
20 out of the control of the provider. Those factors may include:

21 (A) Natural disasters.

22 (B) Outbreaks of epidemics or infectious diseases.

23 (C) Unanticipated facility or equipment repairs or purchases.

24 (D) Significant and unanticipated increases in pharmaceutical
25 or medical device prices.

26 (5) Changes in state or federal laws that result in a change in
27 costs.

28 (6) Reasonable increases in labor costs, including salaries and
29 benefits, and changes in collective bargaining agreements,
30 prevailing wage, or local law.

31 (b) (1) The payments set and global budget negotiated by the
32 board to be paid to the institutional provider shall stay in effect
33 during the appeal process, subject to interim relief provisions.

34 (2) The board shall have the power to grant interim relief based
35 on fairness. The board shall develop regulations governing interim
36 relief. The board shall establish uniform written procedures for
37 the submission, processing, and consideration of an interim relief
38 appeal by an institutional provider. A decision on interim relief
39 shall be granted within one month of the filing of an interim relief
40 appeal. An institutional provider shall certify in its interim relief

1 appeal that the request is made on the basis that the challenged
2 amount is arbitrary and capricious, or that the institutional provider
3 has experienced a bona fide emergency based on unanticipated
4 costs or costs outside the control of the entity, including those
5 described in paragraph (4) of subdivision (a).

6 (c) (1) In accordance with the Administrative Procedure Act
7 (Chapter 3.5 (commencing with Section 11340) of Part 1 of
8 Division 3 of Title 2), the board may delegate the conduct of a
9 hearing to an administrative law judge, who shall issue a proposed
10 decision with findings of fact and conclusions of law.

11 (2) The administrative law judge may hold evidentiary hearings
12 and shall issue a proposed decision with findings of fact and
13 conclusions of law, including a recommended adjusted payment
14 or global budget, within four months of the filing of the appeal.

15 (3) Within 30 days of receipt of the proposed decision by the
16 administrative law judge, the board may approve, disapprove, or
17 modify the decision, and shall issue a final decision for the
18 appealing institutional provider.

19 (d) A final determination by the commission shall be subject to
20 judicial review pursuant to Section 1094.5 of the Code of Civil
21 Procedure.

22 100643. (a) The board shall use existing Medicare prospective
23 payment systems to establish and serve as the comparative payment
24 rate system in global budget negotiations described in subparagraph
25 (B) of paragraph (2) of subdivision (d) of Section 100641. The
26 board shall update the comparative payment rate system annually.

27 (b) To develop the comparative payment rate system, the board
28 shall use only the operating base payment rates under each
29 Medicare prospective payment system with applicable adjustments.

30 (c) The comparative rate system shall not include value-based
31 purchasing adjustments or capital expenses base payment rates
32 that may be included in Medicare prospective payment systems.

33 (d) In the first year that global budget payments are available
34 to institutional providers, and for purposes of selecting a
35 comparative payment rate system used during initial global budget
36 negotiations for an institutional provider, the board shall take into
37 account the appropriate Medicare prospective payment system
38 from the most recent year to determine what operating base
39 payment the institutional provider would have been paid for
40 covered health care items and services furnished the preceding

1 year with applicable adjustments, excluding value-based purchasing
2 adjustments, based on the prospective payment system.

3 100644. (a) The board shall engage in good faith negotiations
4 with health care providers' representatives under Chapter 8
5 (commencing with Section 100800) to determine rates of
6 fee-for-service payment for health care items and services furnished
7 under CalCare.

8 (b) There shall be a rebuttable presumption that the Medicare
9 fee-for-service rates of reimbursement constitute reasonable
10 fee-for-service payment rates. The fee schedule shall be updated
11 annually.

12 (c) Payments to individual providers under this article shall not
13 include payments to individual providers in salaried positions at
14 institutional providers receiving global budgets under Section
15 100641 or individual health care professionals who are employed
16 by or otherwise receive compensation or payment for health care
17 items and services furnished under CalCare from group practices,
18 county organized health systems, or local initiatives that receive
19 payment under CalCare on a salaried basis.

20 (d) To establish the fee-for-service payment rates, the board
21 shall ensure that the fee schedule compensates physicians and other
22 health care professionals at a rate that reflects the value for health
23 care items and services furnished.

24 (e) In a rural or medically underserved area, the board may
25 mitigate the impact of the availability and accessibility of health
26 care services through increased individual provider payment.

27 100645. (a) (1) The board shall adopt, by regulation, payment
28 methodologies for the payment of capital expenditures for
29 specifically identified capital projects incurred by not-for-profit
30 or governmental entities that are health facilities pursuant to
31 Chapter 2 (commencing with Section 1250) of Division 2 of the
32 Health and Safety Code.

33 (2) The board shall prioritize allocation of funding under this
34 subdivision to projects that propose to use the funds to improve
35 service in a rural or medically underserved area, or to address
36 health disparities, including those based on race, ethnicity, national
37 origin, primary language use, age, disability, sex, including gender
38 identity and sexual orientation, geography, and socioeconomic
39 status. The board shall consider the impact of any prior reduction

1 in services or facility closure by a not-for-profit or governmental
2 entity as part of the application review process.

3 (3) For the purposes of funding capital expenditures under this
4 section, health care facilities and governmental entities shall apply
5 to the board in a time and manner specified by the board. All
6 capital-related expenses generated by a capital project shall have
7 received prior approval from the board to be paid under CalCare.

8 (b) Approval of an application for capital expenditures shall be
9 based on achievement of the program standards described in
10 Chapter 6 (commencing with Section 100650).

11 (c) The board shall not grant funding for capital expenditures
12 for capital projects that are financed directly or indirectly through
13 the diversion of private or other non-CalCare program funding
14 that results in reductions in care to patients, including reductions
15 in registered nursing staffing patterns and changes in emergency
16 room or primary care services or availability.

17 (d) A participating provider shall not use operating funds or
18 payments from CalCare for the operating expenses associated with
19 a capital asset that was not funded by CalCare without the approval
20 of the board.

21 (e) A participating provider shall not do either of the following:

22 (1) Use funds from CalCare designated for operating expenses
23 or payments for capital expenditures.

24 (2) Use funds from CalCare designated for capital expenditures
25 or payments for operating expenses.

26 100646. (a) (1) A margin generated by a participating provider
27 receiving a global budget under CalCare may be retained and used
28 to meet the health care needs of CalCare members.

29 (2) A participating provider shall not retain a margin if that
30 margin was generated through inappropriate limitations on access
31 to health care, compromises in the quality of care, or actions that
32 adversely affected or are likely to adversely affect the health of
33 the persons receiving services from an institutional provider, group
34 practice, or other participating provider under CalCare.

35 (3) The board shall evaluate the source of margin generation.

36 (b) A payment under CalCare, including provider payments for
37 operating expenses or capital expenditures, shall not take into
38 account, include a process for the funding of, or be used by a
39 provider for any of the following:

1 (1) Marketing, which does not include education and prevention
2 programs paid under a global budget.

3 (2) The profit or net revenue, or increasing the profit, net
4 revenue, or financial result of the provider.

5 (3) An incentive payment, bonus, or compensation based on
6 patient utilization of health care items or services or any financial
7 measure applied with respect to the provider or a group practice
8 or other entity that contracts with or provides health care items or
9 services, including pharmaceutical products and medical devices
10 or equipment, to the provider.

36 (3) The override is consistent with the patient’s wishes.

CHAPTER 7. FUNDING

Article 1. Federal Health Programs and Funding

100660. (a) (1) The board is authorized to and shall seek all federal waivers and other federal approvals and arrangements and submit state plan amendments as necessary to operate CalCare consistent with this title.

(2) The board is authorized to apply for a federal waiver or federal approval as necessary to receive funds to operate CalCare pursuant to paragraph (1), including a waiver under Section 18052 of Title 42 of the United States Code.

(3) The board shall apply for federal waivers or federal approval pursuant to paragraph (1) by January 1, 2023.

(b) (1) The board shall apply to the United States Secretary of Health and Human Services or other appropriate federal official for all waivers of requirements, and make other arrangements, under Medicare, any federally matched public health program, the Affordable Care Act, and any other federal programs or laws, as appropriate, that are necessary to enable all CalCare members to receive all benefits under CalCare through CalCare, to enable the state to implement this title, and to allow the state to receive and deposit all federal payments under those programs, including funds that may be provided in lieu of premium tax credits, cost-sharing subsidies, and small business tax credits, in the State Treasury to the credit of the CalCare Trust Fund, created pursuant to Section 100665, and to use those funds for CalCare and other provisions under this title.

(2) To the fullest extent possible, the board shall negotiate arrangements with the federal government to ensure that federal payments are paid to CalCare in place of federal funding of, or tax benefits for, federally matched public health programs or federal health programs. To the extent any federal funding is not paid directly to CalCare, the state shall direct the funding and moneys to CalCare.

(3) The board may require members or applicants to provide information necessary for CalCare to comply with any waiver or arrangement under this title. Information provided by members to the board for the purposes of this subdivision shall not be used for any other purpose.

1 (4) The board may take any additional actions necessary to
2 effectively implement CalCare to the maximum extent possible
3 as an independent single-payer program consistent with this title.
4 It is the intent of the legislature to establish CalCare, to the fullest
5 extent possible, as an independent agency.

6 (c) The board may take actions consistent with this article to
7 enable CalCare to administer Medicare in California. CalCare shall
8 be a provider of supplemental insurance coverage and shall provide
9 premium assistance for drug coverage under Medicare Part D for
10 eligible members of CalCare.

11 (d) The board may waive or modify the applicability of any
12 provisions of this title relating to any federally matched public
13 health program or Medicare, as necessary, to implement any waiver
14 or arrangement under this section or to maximize the federal
15 benefits to CalCare under this section.

16 (e) The board may apply for coverage for, and enroll, any
17 eligible member under any federally matched public health program
18 or Medicare. Enrollment in a federally matched public health
19 program or Medicare shall not cause a member to lose a health
20 care item or service provided by CalCare or diminish any right the
21 member would otherwise have.

22 (f) (1) Notwithstanding any other law, the board, by regulation,
23 shall increase the income eligibility level, increase or eliminate
24 the resource test for eligibility, simplify any procedural or
25 documentation requirement for enrollment, and increase the
26 benefits for any federally matched public health program and for
27 any program in order to reduce or eliminate an individual's
28 coinsurance, cost-sharing, or premium obligations or increase an
29 individual's eligibility for any federal financial support related to
30 Medicare or the Affordable Care Act.

31 (2) The board may act under this subdivision, upon a finding
32 approved by the Director of Finance and the board that the action
33 does all of the following:

34 (A) Will help to increase the number of members who are
35 eligible for and enrolled in federally matched public health
36 programs, or for any program to reduce or eliminate an individual's
37 coinsurance, cost-sharing, or premium obligations or increase an
38 individual's eligibility for any federal financial support related to
39 Medicare or the Affordable Care Act.

1 (B) Will not diminish any individual's access to a health care
2 item or service or right the individual would otherwise have.

3 (C) Is in the interest of CalCare.

4 (D) Does not require or has received any necessary federal
5 waivers or approvals to ensure federal financial participation.

6 (g) To enable the board to apply for coverage for, and enroll,
7 any eligible member under any federally matched public health
8 program or Medicare, the board may require that every member
9 or applicant provide the information necessary to enable the board
10 to determine whether the applicant is eligible for a federally
11 matched public health program or for Medicare, or any program
12 or benefit under Medicare.

13 (h) As a condition of continued eligibility for health care items
14 and services under CalCare, a member who is eligible for benefits
15 under Medicare shall enroll in Medicare, including Parts A, B, and
16 D.

17 (i) The board shall provide premium assistance for all members
18 enrolling in a Medicare Part D drug coverage plan under Section
19 1860D of Title XVIII of the federal Social Security Act (42 U.S.C.
20 Sec. 1395w-101 et seq.), limited to the low-income benchmark
21 premium amount established by the federal Centers for Medicare
22 and Medicaid Services and any other amount the federal agency
23 establishes under its de minimis premium policy, except that those
24 payments made on behalf of members enrolled in a Medicare
25 Advantage plan may exceed the low-income benchmark premium
26 amount if determined to be cost effective to CalCare.

27 (j) If the board has reasonable grounds to believe that a member
28 may be eligible for an income-related subsidy under Section
29 1860D-14 of Title XVIII of the federal Social Security Act (42
30 U.S.C. Sec. 1395w-114), the member shall provide, and authorize
31 CalCare to obtain, any information or documentation required to
32 establish the member's eligibility for that subsidy. The board shall
33 attempt to obtain as much of the information and documentation
34 as possible from records that are available to it.

35 (k) The board shall make a reasonable effort to notify members
36 of their obligations under this section. After a reasonable effort
37 has been made to contact the member, the member shall be notified
38 in writing that the member has 60 days to provide the required
39 information. If the required information is not provided within the
40 60-day period, the member's coverage under CalCare may be

1 suspended until the issue is resolved. Information provided by a
2 member to the board for the purposes of this section shall not be
3 used for any other purpose.

4 (I) The board shall assume responsibility for all benefits and
5 services paid for by the federal government with those funds.

6
7 Article 2. CalCare Trust Fund
8

9 100665. (a) The CalCare Trust Fund is hereby created in the
10 State Treasury for the purposes of this title to be administered by
11 the CalCare Board. Notwithstanding Section 13340, all moneys
12 in the fund shall be continuously appropriated without regard to
13 fiscal year for the purposes of this title. Any moneys in the fund
14 that are unexpended or unencumbered at the end of a fiscal year
15 may be carried forward to the next succeeding fiscal year.

16 (b) Notwithstanding any other law, moneys deposited in the
17 fund shall not be loaned to, or borrowed by, any other special fund
18 or the General Fund, a county general fund or any other county
19 fund, or any other fund.

20 (c) The board shall establish and maintain a prudent reserve in
21 the fund to enable it to respond to costs including those of an
22 epidemic, pandemic, natural disaster, or other health emergency,
23 or market-shift adjustments related to patient volume.

24 (d) The board or staff of the board shall not utilize any funds
25 intended for the administrative and operational expenses of the
26 board for staff retreats, promotional giveaways, excessive executive
27 compensation, or promotion of federal or state legislative or
28 regulatory modifications.

29 (e) Notwithstanding Section 16305.7, all interest earned on the
30 moneys that have been deposited into the fund shall be retained
31 in the fund and used for purposes consistent with the fund.

32 (f) The fund shall consist of all of the following:

33 (1) All moneys obtained pursuant to legislation enacted as
34 proposed under Section 100670.

35 (2) Federal payments received as a result of any waiver of
36 requirements granted or other arrangements agreed to by the United
37 States Secretary of Health and Human Services or other appropriate
38 federal officials for health care programs established under
39 Medicare, any federally matched public health program, or the
40 Affordable Care Act.

1 (3) The amounts paid by the State Department of Health Care
2 Services that are equivalent to those amounts that are paid on behalf
3 of residents of this state under Medicare, any federally matched
4 public health program, or the Affordable Care Act for health
5 benefits that are equivalent to health benefits covered under
6 CalCare.

7 (4) Federal and state funds for purposes of the provision of
8 services authorized under Title XX of the federal Social Security
9 Act (42 U.S.C. Sec. 1397 et seq.) that would otherwise be covered
10 under CalCare.

11 (5) State moneys that would otherwise be appropriated to any
12 governmental agency, office, program, instrumentality, or
13 institution that provides health care items or services for services
14 and benefits covered under CalCare. Payments to the fund pursuant
15 to this section shall be in an amount equal to the money
16 appropriated for those purposes in the fiscal year beginning
17 immediately preceding the effective date of this title.

18 (g) All federal moneys shall be placed into the CalCare Federal
19 Funds Account, which is hereby created within the CalCare Trust
20 Fund.

21 (h) Moneys in the CalCare Trust Fund shall only be used for
22 the purposes established in this title.

23 100667. (a) The board annually shall prepare a budget for
24 CalCare that specifies a budget for all expenditures to be made for
25 covered health care items and services and shall establish
26 allocations for each of the budget components under subdivision
27 (b) that shall cover a three-year period.

28 (b) The CalCare budget shall consist of at least the following
29 components:

- 30 (1) An operating budget.
- 31 (2) A capital expenditures budget.
- 32 (3) A special projects budget.
- 33 (4) Program standards activities.
- 34 (5) Health professional education expenditures.
- 35 (6) Administrative costs.
- 36 (7) Prevention and public health activities.

37 (c) The board shall allocate the funds received among the
38 components described in subdivision (b) to ensure the following:

39 (1) The operating budget allows for participating providers to
40 meet the health care needs of the population.

1 (2) A fair allocation to the special projects budget to meet the
2 purposes described in subdivision (f) in a reasonable timeframe.

3 (3) A fair allocation for program standards activities.

4 (4) The health professional education expenditures component
5 is sufficient to meet the need for covered health care items and
6 services.

7 (d) The operating budget described in paragraph (1) of
8 subdivision (b) shall be used for payments to providers for health
9 care items and services furnished by participating providers under
10 CalCare.

11 (e) The capital expenditures budget described in paragraph (2)
12 of subdivision (b) shall be used for the construction or renovation
13 of health care facilities, excluding congregate or segregated
14 facilities for individuals with disabilities who receive long-term
15 services and supports under CalCare, and other capital
16 expenditures.

17 (f) (1) The special projects budget shall be used for the payment
18 to not-for-profit or governmental entities that are health facilities
19 pursuant to Chapter 2 (commencing with Section 1250) of Division
20 2 of the Health and Safety Code for the construction or renovation
21 of health care facilities, major equipment purchases, staffing in a
22 rural or medically underserved area, and to address health
23 disparities, including those based on race, ethnicity, national origin,
24 primary language use, age, disability, sex, including gender identity
25 and sexual orientation, geography, and socioeconomic status.

26 (2) To mitigate the impact of the payments on the availability
27 and accessibility of health care services, the special projects budget
28 may be used to increase payment to providers in a rural or
29 medically underserved area.

30 (g) For up to five years following the date on which benefits
31 first become available under CalCare, at least 1 percent of the
32 budget shall be allocated to programs providing transition
33 assistance pursuant to Section 100615.

34 Article 3. CalCare Financing

35
36
37 100670. (a) It is the intent of the Legislature to enact legislation
38 that would develop a revenue plan, taking into consideration
39 anticipated federal revenue available for CalCare. In developing

1 the revenue plan, it is the intent of the Legislature to consult with
2 appropriate officials and stakeholders.

3 (b) It is the intent of the Legislature to enact legislation that
4 would require all state revenues from CalCare to be deposited in
5 an account within the CalCare Trust Fund to be established and
6 known as the CalCare Trust Fund Account.

9 the approval of the regional director or directors of
10 the region or regions where the capital asset is lo-

12 (d) PROHIBITION AGAINST CO-MINGLING OPER-
