

THE PATH TO PASSING A LOCAL GOVERNMENT RESOLUTION

1 CREATE A GAME PLAN

Assemble a team of volunteers and chose a city to focus on. We can support you in recruiting people in your area.

2 FIND YOUR COUNCIL CHAMPION

Set up meetings with more than one council member. Council members have busy schedules, to get their attention you may need to be persistent!

3 MEETING

Use the resources in our activist toolkit to prepare for your meeting. We can help you calculate how much the city would save on health care costs for municipal employees.

4 PREPARE FOR THE COUNCIL VOTE

We can help you with an outreach strategy for undecided council members. We will also work with you to prepare a press release in advance of the hearing!

5 VICTORY!

Consider working on other resolutions in neighboring cities or your county. You can also set up meetings with your senator or local representative to present the resolution and ask them to sign on to the Medicare for All Act.
