

RESOLUTION #2022-

RESOLUTION SUPPORTING THE MINNESOTA HEALTH PLAN
AND FEDERAL MEDICARE FOR ALL ACT

WHEREAS, the system of private health insurance in the United States creates financial and bureaucratic barriers that prevent individuals from obtaining needed medical care, drives up the overall costs of health care at unsustainable rates and saddles individuals, businesses, and local government with unsustainable health care costs; and

WHEREAS, a 2021 survey found that more than one-quarter of Minnesotans struggled to pay their medical bills and nearly half delayed or skipped needed medical care due to concerns about cost; and

WHEREAS, at the current rate of growth, Minnesota's total health care spending will double from \$47.1 billion to \$94 billion in 10 years to be 19 percent of our state economy, more than housing and transportation; and

WHEREAS, healthcare expenses for city of Brooklyn Park employees have been increasing at an unsustainable annual rate putting upward pressure on local property taxes and threatening the financial stability of the city; and

WHEREAS, a well-designed and efficient universal public health finance system would guarantee all Minnesotans high quality health care regardless of employment status, would reduce the complexity and bureaucracy of our health-care system, and would provide significant financial savings to individuals, businesses, and local government; and

WHEREAS, the Minnesota Health Plan (S.F. 1843) would create a universal public health finance system that will contain costs and save money and provide high quality, comprehensive health care for every Minnesotan, while relieving both public and private employers of the burden of providing health care benefits; and

WHEREAS, the federal Medicare for All Act of 2021 (H.R.1976) would create a similar system at the national level that would guarantee all Americans health coverage regardless of employment status while saving \$2 trillion to \$5 trillion in national health care spending over 10 years.

NOW, THEREFORE, BE IT RESOLVED that the city of Brooklyn Park affirms that healthcare is a basic human need, which must be guaranteed to all Minnesotans and U.S. residents through a well-designed and efficient public health finance system that guarantees health coverage to all individuals regardless of employment status.

BE IT FURTHER RESOLVED, that to achieve the goal of a well-designed and efficient public health finance system, the council supports the Minnesota Health Plan (S.F. 1643) and the federal Medicare for All Act of 2021 (H.R. 1978) and the Council urges Brooklyn Park's state and federal legislative delegations to co-sponsor and support the Minnesota Health Plan (S.F. 1643) and the federal Medicare for All Ad of 2021 (H.R. 1976), or similar legislation.
